

The Programme

- ▶ The ACP MEAs III Programme is a partnership between the European Commission (EC), the Secretariat of the Organization of African, Caribbean and Pacific Group of States (OACPS), and the United Nations Environment Programme (UNEP).
- ▶ It aims to promote long term sustainability in ACP Countries by strengthening environmental governance and implementation of MEAs.
- ▶ Currently in its third phase, the programme builds capacity of the ACP countries so they can achieve their environmental goals.
- ▶ Through working with partners at global, regional and national levels, the programme enables global environmental commitments translate into national action on the ground.
